this book investigates energy use and measures to improve the energy efficiency of public housing using post war social housing development estates in cyprus as its example on this mediterranean island which experiences hot and humid temperatures throughout the year residential buildings need to adapt to the climate to improve the thermal comfort of their occupants the book assesses the domestic energy use of inefficiently built residential tower blocks and their occupants thermal comfort by considering the significant impact of overheating risks on energy consumption and occupants thermal comfort and well being with the intention of evaluating the current energy performance of base case representative residential tower blocks rtbs in particular considering the cooling energy demand in the summer using famagusta cyprus as a case study it seeks to identify the impact of occupancy patterns and habitual adaptive behaviour of households on home energy performance in order to provide bases for the information needed to calibrate building energy performance of targeted households

in an era of complex global threats the war against al qaeda and islamic state stands as an essential anthology unraveling the multifaceted nature of modern terrorism and counterterrorism strategically curated the collection spans a wide spectrum of literary styles from analytical essays to strategic assessments each piece contributing a critical layer to our understanding of these pervasive threats the anthology deftly weaves together discussions on the operational strategies ideological underpinnings and the geopolitical ramifications of these extremist groups providing readers with a nuanced landscape of contemporary warfare a standout piece examines the evolution of jihadist networks offering rare insights into the intricate web of influences that sustain them the compilation is a testament to the intellectual rigor and strategic depth ingrained in its pages this anthology brings together the profound expertise of paul kamolnick and contributions from the strategic studies institute amplifying voices deeply entrenched in the study of global security the authors converge from diverse disciplinary backgrounds yet are united in the common goal of dismantling the narratives and operational capabilities of al qaeda and the islamic state encompassing elements of historical analyses

political philosophy and security studies this collection aligns with contemporary explorations in international relations and counterterrorism the authors collectively illuminate the cultural strategic and historical dimensions of the conflict enriching the reader's comprehension through a multivocal dialogue that reflects the complexity of modern terror dynamics readers are invited to traverse this rich tapestry of perspectives gaining invaluable insights into the continually evolving battlefield of global terrorism this anthology serves not only as an educational tool but as a springboard for further discourse on strategies and narratives that shape global security paradigms by engaging with this collection one embraces the opportunity to critically examine the multifaceted perspectives that contribute to global understanding and policymaking ideal for academics policymakers and anyone keen on delving into the depths of terrorism studies the war against al Qaeda and Islamic State is a pivotal compilation that underscores the power of collective insight in unraveling one of the modern era's most challenging dilemmas

this book examines Americans and their beliefs about the class divide in the United States it argues that Americans' beliefs about class and the economic divide develop through a multistep process economic affluence influences the development of worldview measured in terms of ideology partisanship and self-identified class consciousness class consciousness in turn affects how people look at political and economic issues this book is intended for scholars and students at every level who study inequality from a political economic or sociological position along with general readers with a growing interest in and awareness of the effects of inequality on our democracy especially in the wake of the COVID-19 pandemic the resulting economic contraction and the protests over racial injustice erupting throughout the world in 2020

this innovative edited volume places global urbanism in the context of the phenomenal growth of cities of the South investigating their colonial contentiousness and asking how their history plays out in the twenty-first century phenomenon of urbanisation inspired by Antonio Gramsci's reflections on the problem of the South it shows that the question of southern urbanism is about the anomalies and growth of southern cities the histories of struggles technological and logistical reorientations new zoning practices of neoliberal

capitalism and the remaking of urban geographies towards a possible urban future that aims to be just crucially it asks whether today's city is a seamless formation of several overlapping phases of growth or if there is a decisive break today marked by the hyper growth of these cities to understand the implications of these questions for visions of an urban future this volume takes a number of southern cities of asia and europe as case studies including kolkata mumbai chittagong beirut athens naples and marseille it shows how these cities are paradoxically marked by both fractured geographies and new types of popular mobilisations solidarities and an ethic of protection and care showing this to be the core of the southern question constituting the urban experience of our time it will appeal to advanced level students and scholars with interests in urban sociology southern urbanisation postcolonial studies political science political economy and urban geography

u s china relations and the changing security dynamics in east asia collects 9 papers which were presented at the annual conference of the graduate institute of international affairs and strategic studies tamkang university addressing the complex mix of cooperative and competitive elements in the u s china relationship the book focuses on regional responses to and taiwan's perspective on the rise of china and challenges to the u s led international liberal order

since its first appearance geography realms regions and concepts has consistently broken new ground in the interpretation and teaching of world regional geography for more than four decades regions as it has come to be called has explained the contemporary world's geographic realms and their natural environments and human dimensions the authors look at the ways people have organized their living space adapted to changing social as well as environmental circumstances and continue to confront forces largely beyond their control ranging from globalization to climate change this book was the first to introduce an approach to geography that meshes theoretical concepts with regional realities the evolving regional content of the chapters in regions 18th edition reflects the dynamic nature of the world's geography the changing and growing number of concepts mirror the progress of the discipline and the ongoing introduction of new digital features reflects the instructional possibilities of new technologies

contains the 4th session of the 28th parliament through the session of the parliament

50 essays a portable anthology is a bestselling value priced reader because its virtues don't stop at the price the book's carefully chosen selections engage students and include both classic essays and high interest contemporary readings the editorial apparatus is flexible and unobtrusive enough to support a variety of approaches to teaching composition the sixth edition features new voices on culturally relevant topics as well as sentence guides that help students develop an academic writing voice with templates for a variety of composing situations
