new approach demonstrating how social science can be successful focusing on context values and power

this book provides a comprehensive portrait of class structure dynamics and orientations in singapore understood as a new nation a capitalist and emerging knowledge economy a largely middle class society and a polity with a strong state at the turn of the new millennium it introduces a wide array of recent data on a broad range of topics relating to social stratification in singapore class structure political participation political alienation national pride welfarism success values unionism social mobility the digital divide and the sandwich generation to capture the lived experiences of people from different social classes thereby complementing the numerous tables presented the book also profiles six case studies of individuals or families highlighting the challenges they face and the options they possess

list of members in v 1 5 25 28 supplemental list in v 26 27

the social studies curriculum fourth edition updates the definitive overview of the issues teachers face when creating learning experiences for students in social studies the book connects the diverse elements of the social studies curriculum civic global social issues offering a unique and critical perspective that separates it from other texts completely updated this book includes twelve new chapters on the history of the social studies democratic social studies citizenship education anarchist inspired transformative social studies patriotism ecological democracy native studies inquiry teaching islamophobia capitalism and class struggle gender sex sexuality and youth experiences in school and critical media literacy all the chapters from the previous edition have been thoroughly revised and updated including those on teaching social studies in the age of curriculum standardization and high stakes testing critical multicultural social studies prejudice and racism assessment and teaching democracy readers are encouraged to reconsider their assumptions and understanding about the origins purposes nature and possibilities of the social studies curriculum

how are core social phenomena to be understood as modes of being this book offers an alternative approach to social ontology recent interest in social ontology on the part of mainstream philosophy and the social sciences presupposes from the outset that the human being can be cast as a conscious subject whose intentionality can be collective by contrast the present study insistently poses the crucial question of who the human being is and how they sociate as whos such whoness is a clean cut departure from the venerable tradition of questioning whatness quidditas essence in philosophical thinking casting human being hermeneutically as whoness opens up new insights into how human beings sociate in interplays of mutual estimation that are simultaneously social power plays hitherto the ontology of social power in all its various guises has only ever been implicit this book makes it explicit the kind of social power prevalent in capitalist societies is that of the reified value embodied in commodities money capital co reified value itself is constituted through an interplay of mutual estimation among things that reflects back on the power interplay among whos in this way a new critique of capitalism becomes possible
